By SPENCER MOOSA

TAIPEI, Formosa (AP) — Jet fighters of the Chinese Nationalists and Communists battled over the Formosa Strait today. The Nationalists said five Red planes were downed at a cost of one of their own.

The Nationalist air force said machine-gun fire from its F86 Sabre Jets shot down four MIG-17s. A Sabre Jet collided with a fifth MIG, sending both crashing into the ocean and killing the Nationalist pilot, a spokesman said.

Peking radio claimed Communist planes shot down two Nationalist Sabre Jets and damaged a third. It said one Nationalist pilot "has been captured alive." Red losses were not mentioned.

The Nationalists now claim they have shot down 84 MIGs and damaged or possibly destroyed 11 more since the Communists began bombing the Quemoy Islands Aug. 23. In that period the Nationalists say they have lost only the plane in today's collision.

The Defense Ministry said six Sabre Jets were patrolling south-east of Matsu, a Nationalist off-shore island 150 miles north of Quemoy, when 20 MIGs jumped them. The Sabre Jets were in the area because MIGs strafed tiny Tungyin Island in the Matsu group Thursday, a spokesman said.

It was the largest aerial battle since 32 Sabre Jets clashed Sept. 24 with more than 100 MIGs. The Nationalists claimed 14 MIGs shot down in that engagement.

## Low Bid Submitted on River Work

LITTLE ROCK (AP) — Pine Bluff Sand & Gravel Co. of Pine Bluff has submitted the apparent low bid of \$94,564 for bank stabilization work on the Hensley Bar Cut-off on the Arkansas River in Jefferson County.

Army Engineers here said the bid was one of three opened yesterday.

The project calls for some 1,200 linear feet of rock fill revetment, 170 feet of baffle dike and 100 feet of rock fill in trenches, at a spot about four miles upstream from the Jefferson County Free Bridge.

## Russia Warned About Tests After Oct. 31

By MAX HARRELSON  
UNITED NATIONS, N. Y. (AP) — The United States warned today President Eisenhower's proposed one-year moratorium on nuclear tests will be nullified if the Soviets continue test explosions after Oct. 31.

At the same time, Ambassador Henry Cabot Lodge declared the United States cannot agree to a complete and permanent cessation of tests until progress is made on other phases of disarmament.

Lodge spoke before the U.N.'s 81-nation Political Committee as it opened a comprehensive debate on disarmament.

Soviet Deputy Foreign Minister Valerian A. Zorin immediately accused the United States of being unwilling to seek agreement on the coming Geneva talks on a permanent end to nuclear weapons testing. The talks open Oct. 31.

In a bitter attack on U.S. policy, Zorin declared Lodge's speech demonstrated that the United States wants the cessation of tests to be the last step in a series of disarmament measures, while the world is clamoring for no immediate end to the tests. He called Lodge's speech disappointing.

Lodge expressed regret that the Soviet Union had resumed testing nuclear weapons on the eve of the Oct. 31 talks in Geneva on a permanent suspension of tests. He said Soviet Foreign Minister Andrei A. Gromyko had thrown doubt on his government's willingness to stop tests.

He referred to Gromyko's statement that the Soviet Union might match Western tests, blast for blast.

Lodge said the U.S. offer to suspend tests for one year was made to facilitate the Geneva talks "and it would be regrettable indeed if the Soviet Union took steps which had the opposite effect."

He declared that the resumption of Soviet testing had raised a question as to whether the U.S. offer still holds.

"I am authorized," he added, "to assure the United Nations on behalf of the United States government that, as President Eisenhower announced, we will withhold further testing for one year from the date the negotiations begin—unless, of course, the Soviet Union conducts further tests beyond that date."

## Plane Plunges in Idaho, 19 Meet Death

By DALE NELSON

PAYETTE, Idaho (AP) — An Air Force transport, apparently trying to land on a runway, crashed and burned with 19 servicemen aboard Thursday night.

All were killed. A team of Air Force investigators began a probe today amid speculation the twin-engine C-124 may have run into a flock of wild geese.

Witnesses said the plane appeared to be gliding for a landing just before it smashed nose first into a brush-covered hillside on a ranch near this southwest Idaho community.

"There were three lights blinking and the wheels were down," said irrigation worker Norman Meador. "It looked like he was going to try and make a landing."

Officials from Idaho's Mountain Home Air Force Base said the 19 aboard were all Air Force personnel. They said the plane was en route to McChord Field, Tuguean, Wash., from its home base, Pope Air Force Base, N.C.

Identity of the victims was withheld. Sheriff Ray Stephens said some witnesses told him they saw a flock of geese in the area at the time of the crash.

Fire from the wreckage burned some five acres of brush.

A tenant on the Nelson ranch, Claude Smith, said his wife shouted as she was doing his evening milking that a plane had crashed. "We went right over there but couldn't get up close enough to see what happened," he said. "We found a lot of torn newspapers. They were dated today, from October 10."

## IRS Admits Wrong in Faubus Case

LITTLE ROCK (AP) — The Internal Revenue Service erred in telling Gov. Orval E. Faubus that he provided for running the executive mansion, a regional director of the IRS agreed yesterday.

After a one-day study, B. Frank White of Dallas, concurred in earlier statements by local officials that someone "goofed" in computing Faubus' returns for 1955-57.

White said he couldn't determine immediately whether the error was intentional.

Faubus charged Tuesday the government was trying to hit back at him because he opposes school integration. The Little Rock tax branch denied this and told him to disregard the notice.

White said disciplinary action would be taken if warranted. He said he would know by the time his study was finished whether the incident was concocted to embarrass either the governor or the IRS.

Faubus was notified that he owed taxes on funds provided for mansion rental, servants and maintenance during the three years.

As the tax case moved into upper levels, many of Little Rock's idle high school seniors were taking correspondence courses in hopes of qualifying for college next fall whether or not they return to regular classes.

Miss Minnie Lee Mayhan, counselor at closed Hall High School, said some colleges and universities had told her Little Rock students would be accepted if they met certain entrance requirements and would be credited for correspondence work.

"They are making special exceptions for the Little Rock students because graduates of Central High and Hall had spent outstanding records in the past," Miss Mayhan said.

Faubus closed Hall Central, Tech High and all-Negro Horace Mann High Sept. 12 to avert a collision with the Supreme Court's order for immediate desegregation. More than 400 students of the closed-down schools have transferred out of the area, leaving about 3,000 without a place to go.

The governor is actively supporting a plan for establishment of private, segregated schools. A Little Rock Private School Corp. has been set up and now is hunting money and buildings.

A federal court recently issued a restraining order to keep the Little Rock School Board from transferring the four closed schools to the corporation.

W. C. Brashears, newly hired superintendent for the proposed private schools, Faubus has estimated mid-October.

Until this, though, Brashears said, "We've made a lot of progress in the last few days." He estimated 30 teachers would be needed to teach about 2,000 white pupils. Negroes are left out of the private school plan.

Brashears said any curriculum would follow closely that of the closed public schools.

"Of course, we may be able to offer the great number of elective courses available in the public schools," Brashears said. "But we'll have a full complement of the basic courses required for college entrance."

In another development, W. Frank Lambright, 31-year-old insurance man, was elected to the Little Rock School Board yesterday.

## Jupiter Rocket Blown Apart in Big Display

CAPE CANAVERAL, Fla. (AP) — A powerful Jupiter rocket was blown apart in a blazing display of missile fireworks over Cape Canaveral Thursday night.

It was the third ballistic weapon in a row to explode shortly after liftoff in the past month.

The Jupiter — the usually reliable 1,500-mile missile which also will provide the big punch for the Army's moon rocket — was deliberately destroyed after it swerved violently out of control several thousand feet high.

One huge chunk crashed back on the cape with a roar; other debris splashed into the ocean nearby. No one was injured and there was no property damage reported.

Salvage crews searched for broken pieces of the 60-foot rocket to help Army missilemen determine the trouble.

The Jupiter thundered aloft from billows of white flame and smoke, but appeared to sway slightly as it climbed toward space. After 32 seconds it was blown up by the range safety officer.

There was a bright flash and an ear-splitting noise. Then the broken war rocket spun earthward in looping, cartwheel fashion, trailing streams of white flame.

## Pollution Group to Set Up Restrictions

LITTLE ROCK (AP) — Adoption of restrictions against south Arkansas oil operators will be considered by the Arkansas Water Pollution Control Commission at a meeting Monday.

The proposed restrictions aim at cutting the pollution of the Ouachita River and its tributaries by salt water waste from the oil fields.

Similar restrictions already are in effect against cities and industries in the lower Ouachita River basin area.

Details of the proposed curbs are being withheld until the meeting. If adopted, they would go into effect against the Smackover and Stephens fields and other oil producing areas in southern Arkansas.

## Body of Pope Pius Returned to Rome Today

By FRANK BRUTTO

ROME (AP) — The body of Pope Pius XII, clad in funeral robes, was brought today for the last time to the Basilica of St. John Lateran, his see as bishop of Rome.

The funeral cortege, which started from the pontiff's Castel Gandolfo Summer Palace where he died early Thursday arrived at the basilica at 3:25 p.m.

Hundreds of thousands of people were packed in the basilica and in the streets and piazza adjoining it. Throughout Italy millions more listened to or watched the solemn program on radio and television.

Other thousands had lined the 18-mile route, part of it along the Appian Way, as the procession passed by.

From the Basilica of St. John Lateran, the funeral procession led to Vatican City, the tiny state of which he had been supreme ruler for 10 years. He left it on July 27 to go to his summer residence at Castel Gandolfo.

The City of Rome, its walls posted with funeral notices and festooned with half-staffed Italian and Vatican flags, was hushed, almost oppressively so. Hundreds of thousands jammed the streets of the city.

The Pope's body was clad in his most formal episcopal robes. Over a white silk cassock with a long train was drawn a long white alb, a full-length vestment reaching to the feet. Over the alb was a red and gold dalmatic, an outer vestment, and a red chasuble or sleeveless cloak. About his neck was the pallium, made of bands of lambs wool.

On his head was a tall golden mitre. There were red gloves on his hands and red slippers on his feet. Those are the robes in which he is buried, wrapped in a red silk shroud.

Burial will be in St. Peter's, probably Monday, with mourning continuing through Oct. 19.

Cardinals, other high prelates, and the entire diplomatic corps, 10 to the Vatican, representing nearly 50 countries, were present at absolution rites in the basilica.

By REINHOLD G. ENSZ  
CASTEL GANDOLFO, Italy (AP) — Saddened throngs jammed this Alban Hills village today to await a glass-walled hearse carrying the body of Pope Pius XII back to the Vatican.

The mourners so packed roads leading to the village where the Pope died early Thursday that police had to close the thoroughfares to traffic Thursday night.

The crowds milled in the square before the pope's summer residence until past midnight, seeking admittance to the hall where the body lay in state.

Thousands trooped today toward the Appian Way to await the motorcade's slow and stately 18-mile journey northward to Rome from the Castel Gandolfo palace.

The first stop on the route was at the Basilica of St. John Lateran, the Pope's titular church as bishop of Rome, in the southeast part of the city. There cardinals, prelates and officials waited to perform the service of absolution.

From St. John's the route led through Rome's curving historic streets. Continued on Page Three

## Big Political Scrap Started in Louisiana

By W. B. RAGSDALE JR.

BATON ROUGE, La. (AP) — Camille F. Gravel Jr., handsome, black-haired Louisiana, has touched off a political scrap that may provide a clue to the Democratic party's attitude toward the South in 1960.

An angry coalition of segregationists, states rights and supporters of Gov. Earl Long voted Wednesday to fire the 43-year-old Alexandria attorney as Louisiana national committeeman.

He was high in party affairs. The state charge was that Gravel betrayed the South in his open support of the national party on civil rights.

Gravel, with backing of Democratic National Committeeman Paul Butler, insists the state group had no right to remove a national committeeman.

Gravel, a Catholic lay leader in heavily Catholic Louisiana, describes his stand on segregation as moderate.

"I feel that purely as a moral proposition segregation is wrong," he says. "But I never advocated racial integration in any shape or form."

A tough veteran of more than a decade of Louisiana politics, Gravel who backed the 1957 Civil Rights Act, "insisted as it protected the right to vote."

Born and reared in Alexandria, a central Louisiana city, Gravel completed high school in 1931, then went to Notre Dame four years.

He attended Louisiana State University Law School two years and completed his law training at Catholic University in Washington, D.C., holding down a job on the U.S. Capitol police force at the same time.

Married and the father of 10 children, Gravel began practicing law in his home town 18 years ago.

He began his political activities in 1940 as a worker for the late Rep. A. Leonard Allen, breaking into statewide politics eight years later as a worker for former Gov. Robert Kennon. He switched his support to Long in the second primary in 1948 after Kennon finished third. Kennon won in 1952.

## Private School Group Formed in Alabama

By JACK STILLMAN

BIRMINGHAM, Ala. (AP) — A private corporation is being set up in Alabama to operate private segregated schools if the state's public school system is closed because of racial integration threat.

The announcement of the corporation's plans brought a prompt warning from State School Supt. Austin B. Meadows: "Don't rock the boat."

That such a corporation is being formed was announced Thursday by attorney MacDonald Gallion of Montgomery. Democratic nominee for state attorney general, his election in November 18 virtually assured because he is a candidate of the dominant Democratic party.

Meadows said that he does not see how it will be practicable to get teachers and facilities needed for private schools "when we haven't been able to build enough public schools."

The school superintendent also said he doesn't think it will be possible to establish tax-free private schools to get around the U.S. Supreme Court's 1954 decision outlawing segregation in public schools.

## Cold, Wet Sweeps Much of Nation

By THE ASSOCIATED PRESS

Cool and wet weather appeared in prospect for broad areas in the eastern half of the country today. Cold Canadian air, fanned by swift northwesterly winds, spread from the Rockies across the Plains and into the midcontinent.

Winds up to 45 m.p.h. lashed the Dakotas and upper Mississippi Valley and dropped temperatures into the 20s in the upper northern Plains. Snow flurries fell in some areas.

Showers and thunderstorms moved in with the cool air and extended from the lower Great Lakes to the southern Plains. Faint clouds were reported Thursday in central Wisconsin and sections of Missouri. A tornado struck through rural areas northeast of Hudson in western Wisconsin. No injuries were reported.

## Extension of School Orders Asked by U. S.

WASHINGTON (AP) — Extension of a temporary restraining order preventing private operation of Little Rock public high schools was asked by the government today.

A Justice Department brief filed with the Circuit Court of Appeals in St. Louis noted that the present order runs only to Oct. 15. The Circuit Court then plans to hear arguments on a proposed school-leaving plan.

The government said the order should be kept in force until there is a final ruling.

"Unless this is done," the brief said, "the school board will be free to consummate the invalid leasing transaction and thus upset the status quo, during the interval between the hearing on Oct. 15 and the entry of judgment."

NEW YORK (AP) — The New York Post said today that dissension had split the New York Yankee hierarchy and "the chances are fifty-fifty Casey Stengel will never put on a Yankee uniform again."

Stengel is the veteran manager of the club which won its 18th World Series championship in Milwaukee Thursday.

The story, written by Post columnist Jimmy Cannon, said that Del Webb, one of the co-owners of the club with Dan Topping, is siding with George Weiss, general manager, in anti-Stengel views.

Topping, the story said, is neutral but is expected to side with Webb and Weiss if the case comes to a showdown.

The story is utterly ridiculous and not worthy of comment," said Bob Fishel, public relations director of the club who said he was speaking for Stengel as well as Weiss.

Cannon's story said reprinting telephone calls had come from Webb to Stengel during the final few months of the regular season when the Yankee stumbled to the American League flag although winning fewer than half of their games.

Cannon's story said that Stengel's habit of placing his plays and his many switches in the lineup had caused the original disagreement. The breach, Cannon added, was widened by the huge amounts of personal publicity Stengel received.

This Cannon said was resented by the Yankee officials who felt that it should go to the entire Yankee organization.

ST. LOUIS (AP) — Department store sales in the Eighth Federal Reserve District last week averaged 10 per cent higher than the corresponding week a year ago.

The Federal Reserve bank of St. Louis said Little Rock led the advance with a 26 per cent gain. Seven smaller district cities averaged a 22 per cent increase. Memphis was up 13 per cent. Louisville was up 10 per cent and Louisville a per cent.

## A Significant Improvement in Job Situation

WASHINGTON (AP) — Unemployment dropped by 588,000 in September, marking what the government called a significant improvement in the job situation.

The joint monthly report of the Commerce and Labor Departments said unemployment declined from 4,800,000 in August to 4,211,000 in September.

This was about twice the usual seasonal decline

Feels Time  
to Strike Back  
at Youths

By SAUL PE

NEW YORK (AP)—I think it's time we dull old people struck back at the young intellectual. I have in mind a particular kind of young intellectual. I visualize him lying around his room at college, for which his father was gauche enough to borrow the money. I see this young man lying there on his bed, smug, vague, contemptuous.

He wears sandals, khaki pants, and a white shirt. His room is studied disorder. A vinyl light flickers under the Picasso print. Esoteric jazz records stacked in the corner. Elsewhere books on Zen Buddhism, existentialism. On the wall, an African mask. On the floor, no chairs, just Japanese straw mats.

This is the young rebel who thinks he is history's first rebel. He has no idea what he's for, but he's against everything positive. He makes a decision about what he will like in life. In his mind, anyone over 30, who is married, who has kids and a job and a house and a routine is, at best, pitiful; at worst, a soulless, unimaginative clod.

Meet this young man, and he can throw you easily, if you happen to be over 30 and have a family and work for a living. He will whistle jazz tunes you never heard of, quote Kafka, Camus, Sartre and other authors you're vague about, he will order a vodka martini as if he invented it, with a brand you never heard of. In every way, he will make you feel dumb, dull, old, old-fashioned, a creature of habit, conformity and fear.

This is the kind of young snob I think we should clobber. Don't let him intimidate you. Let's hit him where it hurts. Let him know he is anything but original. Let him know you were once a rebel, too, until you had to start thinking and living.

Let him know that life seldom presents such easy black and white choices. Suggest to him that he, too, when he wriggles loose from the mire of his self-centeredness, may fall in love and want to get married and even may want to support the girl.

Let him know he's distinctly an amateur at life so far. Tell him to withhold his cracks, his disdain, his condescension until a later time. Come back, little rebel, when you've been a father and tried to find the wisdom to answer your son's questions.

Come back, little rebel, when you've had to deal with a waiting room full of frightened patients. Come back, little rebel, when you have stayed up all night working on a brief. Come back, little rebel, when you've faced the stark terror of a deadline or searched your soul for the words to fire a man from his job.

Come back, little rebel, and make your cracks when you're dry behind the ears, when you're professional. No one is so brave as the amateur because no one is so safe.

The Football  
Fireworks Up  
This SaturdayBy JACK CLARY  
Associated Press Sports Writer

If you feel any earth tremors this weekend, it probably won't be other Nature. They've just landed the weekend football schedule with blockbusters.

It could add up to some violent changes in next week's Associated Press rankings.

The fireworks begin tonight in Miami's Orange Bowl, where 11th-ranked Louisiana State visits Miami's Hurricanes. The Bengals are undefeated in three games. Miami rated the top Southern independent, has a 1-1 record.

Saturday, Army makes only its second trip over to Notre Dame to finish off the second of the current two games series. The Cadets ranked No. 3, bring along their "boxer" offense and "lonesome end" to match fourth-ranked Notre Dame's varied offense and staunch defense.

Down in the Southwest, another traditional battle—Oklahoma at Texas—will sell out the Cotton Bowl. The Sooners, No. 2 are favored to beat the 16th ranked Longhorns, undefeated in three games.

Top-ranked Auburn tests its real defensive skill against explosive Kentucky in the Southeast Conference's top game.

Wisconsin (No. 6) plays host to Purdue (No. 13) in a Big Ten battle of unbeaten and undefeated teams. Another Big Ten clash sends Ohio State (No. 5) to Illinois in the day's television game.

Another SEC game pits seventh-ranked Mississippi against Tulane, while Atlantic Coast Conference favorite Clemson (No. 8) meets member Vanderbilt.

Ninth-ranked Michigan State sends its multiple offense against a Pitt line that has stymied three opponents. The Panthers (No. 10) are a 10-point underdog.

Fifteenth-ranked Oregon, who lost a 6-0 squeaker to Oklahoma last week, meets Southern California in the West Coast's top game.

Competition Brings  
Loss of 2 Trains

LITTLE ROCK (AP)—Highway competition has caused Frisco Lines to drop two trains. The Arkansas Commerce Commission approved the cancellation yesterday.

Frisco will pull trains 805 and 806 off their daily Memphis to Blytheville runs the night of Oct. 10. The line claimed a \$100,000 annual operating loss on the schedule, part of the Memphis to St. Louis run.

Frisco's 71-mile operation in Arkansas was covered by the ACC order. The Missouri Commerce Commission authorized the line to drop the schedule in that state several weeks ago.

Highways beside the tracks had taken away most of its passengers. Frisco contended. The line still has two dry trains on the St. Louis to Memphis run.

# Yankees Back on Throne of Baseball

By CHUCK CAPALDO Associated Press Sports Writer

MILWAUKEE (AP) — The Yankees were expected to live it up after they won the World Series. They did.

The Braves were expected to die hard after they lost. They didn't.

These were the expected and unexpected dressing room scenes after the Yankees' triumph Thursday.

The Yankees, who grabbed the world championship right from under the muffled bats of the Braves with a 6-2 victory, ordinarily don't show emotions. This time they did. For them, they were noisy, almost boisterous.

The Braves, deprived of baseball's biggest prize after seemingly having an unshakable grip on their second straight championship, were not glum. And, they certainly weren't angry — at themselves.

The Braves' apparent willingness to accept their fate was with out comparison in recent years. They acted as though a great weight had been lifted off their backs.

"They acted as though they expected to lose," one clubhouse visitor remarked. Another insisted "They died like true champs, with no excuses."

Only one other team ever lost a seven-game series after taking a 3-1 lead. That was the Senators in 1925. They blew the championship to the Pirates.

Manager Stengel, who engineered the Yankees' great comeback, couldn't resist a joke. "I Milwaukee's Lee Burdette, his one-time tormentor, Burdette beat the Bombers three times last year, but fell before them twice this time, while winning only once."

"Now we look like we could play in the National League," said a grinning Stengel. "This was a great series victory because we started so poorly. Then we came together. Now we look like real New York Yankees."

"We showed them that we're alive, and we can play in their league — and win," he added in typical Stengelse. "Outside people made some remark but now I say I'd like to be in the National League."

Stengel referred, of course, to Burdette's crack after winning the second-series game. "I'd like to see the Yankees in the National League," said Lew. "They're no better than two or three teams in our league."

Stengel's opposite number, Fred Haney, refused to grasp at professed alibis.

"Instead of moaning, let's talk about how good their pitchers were," he said at one point. "Let's not talk about our batting slump, let's talk about their pitching," he said at another.

Red Schoendienst offered an explanation for his teammates' apparent indifference. Amid the wins, cracks, shower room pranks and general levity that marked the Braves' clubhouse, he said: "I think I can speak for them. They figure they did their best so why cry about it. I know I did my best."

# Coach Sour About Porks' Practice

FAYETTEVILLE, Ark. (AP) —

The University of Arkansas Razorbacks practice yesterday drew a sour comment from Coach Frank Broyles.

"That's the worst practice we've had in three weeks," he said. "The boys don't have their minds on

football. I don't know what they're thinking about."

The squad stressed offense in the workout. Broyles said he was pleased with the team's showing on defense, but expressed concern over the Razorbacks' inability to stop a ground attack when the two sides were stalemated.

"They have a real power game," he commented. "Tackle Bill Michaels of Blytheville returned to practice after being knocked out in Wednesday's session. Tackle Paul Henderson of Tulsa has a bruised foot and worked out in sweat clothes, but is expected to be back in the line-up for the Rice contest."

The game with the Owls falls on Dad's Day. Among visitors in Fayetteville yesterday was O. T. Proyles of Atlanta, Ga., the Arkansas coach's father. The elder Broyles will remain here for Saturday's game.

# Hope Goes to Crossett for District Tilt

The Hope Bobcats journey to

Crossett tonight for a very important district contest against a potent Eagle eleven and it looks like another wet field, the 4th in a row.

In Crossett the Bobcats face one of their sternest tests which is doubly important in the league play and in ratings. Hope, dubbed 4th in the state by virtue of four straight wins, has everything to lose in the contest.

Coach John Pierce makes no bones about being afraid of the Eagles. They are mighty tough on their home field and they have a fairly solid team and a couple of good backs, one perhaps the fastest in the state.

The Coach feels the Bobcats are taking Crossett too lightly and if that's the case they are real ripe for an upset. Pierce knows Crossett is capable of doing just that.

Although the Eagles lost to Hall High of Little Rock last week the Coachers feel they had an eye on the coming Hope contest. And Hall proved itself last night by soundly licking North Little Rock, rated the third in the state, ahead of the Bobcats.

In all probability the Crossett field will be wet tonight, thus the Bobcats, who have a very fine passing attack, may have to rely on a ground game entirely.

It should be a fine game and many local fans as well as the band will follow the team to Crossett.

# All Arkansas Favorites in Action Tonight

By JOHN R. STARR Associated Press Sports Writer

The Big Nine Conference spreads three league games on the football scene tonight — and each of them has a direct bearing on the title race.

El Dorado, the favorite and No. 1 team in The Associated Press' schoolboy rankings, entertains Pine Bluff in a bid for its fifth straight victory and third consecutive conference triumph.

Little Rock Central, which won its only league contest in a bruising battle at Hot Springs, is at home against Fort Smith, an improved club but scarcely one to give the Tigers more than a few anxious moments.

Texasarkana opens conference play at home against Hot Springs while the Trojans favored off a fine losing effort against Central. The Razorbacks have been unimpressive in splitting four non-league decisions.

Blytheville steps outside the conference to meet Newbern, Tenn., on Chickasaw Field.

North Little Rock and Little Rock Hall go the football week under way last night with Hall taking a 28-0 victory.

The Warriors, mixing lightning line thrusts by Jim Holley and pinpoint passing by Jim Rowland, monopolized play throughout the game at Little Rock's Quigley Stadium.

Holley grabbed a North Little Rock fumble and ran 20 yards for Hall's first score, and rambled 52 yards for a tally in the fourth quarter. Rowland's passes to end Bill Dickey got a touchdown and quarterback Jerry Jones got the final score on a one-yard plunge with 10 seconds left in the game.

North Little Rock scored early in the last period on a three-yard thrust by fullback Bill Moody.

Tonight's Class AA headliner pits Conway and Little Rock Catholic in a key Region Three battle at Little Rock. Both teams are rated among the state's top 10 and this contest probably will decide the 3AA title. Mabelvale visits Camden and Morrilton is at Russellville in other 3AA games.

West Memphis faces a crucial 2AA test at Jonesboro. The Hurricane took quite a licking last week at Newport and is eager to bounce back against the unbeaten Blue Devils. West Memphis can't afford to lose with Newport covetously eyeing the title. Stuttgart visits Wynne in the only other 2AA game.

Springdale is at Fayetteville and Subiaco at Harrison in Region 1AA. Van Buren, the championship favorite, meets Class A Clarksville on the hostile field.

Hope, the top Class AA team in the state, invades Crossett for a Region Four game. Arkadelphia visits Camden Fairview in another Crossett tie breaker. The latter showed in last week's defeat at

# Tigers Host to Langston High Tonight

Yerger High School Tigers will

play host to the Langston High School Bulldogs of Hot Springs tonight at Hammons Stadium.

The Tigers started off slow this season with injuries to many of the starters. Some of the regulars are back in the line-up for tonight. James Reed, halfback, is showing good form and speed. James McCadden, fullback, will give the Tigers power up the middle. The Tigers showing weakness in the past three games but are showing a marked improvement with the starters getting back in playing condition.

The Bulldogs have always been a threat to the Tigers and during the past week the Tigers have been concentrating on their offensive play and their pass defense. The Tigers are very young and are gaining experience as the season moves on. They need a little support from the fans to go all out tonight. Games time is 8 p.m.

# Shoats Slam SMU Freshmen by 30 to 6

TEXARKANA (AP) — A bright

future was signaled for University of Arkansas football as its freshmen Shoats pummeled the Southern Methodist University Ponies 30-6 here last night.

The Ponies drew the first score on quarterback Bobby Reed's one-yard thrust. End Gordon Nichols' attempted conversion kick was blocked by Arkansas end Jerry Humphries.

Lance Alworth, schoolboy All-American, took the Ponies' kickoff on his own 10-yard line and crunched 90 yards for the Shoats' first touchdown. His conversion kick missed.

The Arkansas frosh drove 67 yards in seven plays for their next score, and the conversion kick went wide. In the second period, quarterback Billy Moore went over on a one-yard plunge. Fullback Skippy Tackett was stopped when he tried to run for a 2-point conversion.

The third period was scoreless. In the fourth, quarterback Sonny Holmes hit Alworth on a pass play, which covered 73 yards for a touchdown. Halfback Curtis Cox failed in a conversion run.

Cox scored on a 3-yard plunge for the final tally. Quarterback Tommy Fowler's run for two extra points failed.

# Yanks Lived It Up as Expected

By JOE REICHLER Associated Press Sports Writer

MILWAUKEE (AP) — The New York Yankees were back on the baseball throne today, possessors of the most brilliant triumph in their long World Series history.

Casey Stengel reigned supreme as the greatest manager in the game today and as one of the shrewdest manipulators of men-power the sport has ever known.

The perennial American League champions clinched a courageous uphill battle Thursday when they defeated former nemesis Lew Burdette and the Milwaukee Braves, 6-2. It was their 11th world title in the last 38 years.

But neither Stengel nor the front office was fooled. They knew this is not one of the better Yankee teams. It had too much of a battle on its hands before overcoming only a fair Milwaukee club in seven games. It had to surge back from a 3-1 deficit after looking like clumps in the first two games.

faulty thinking, erratic throwing and horrendous hitting in the clutch in order to win.

Stengel praised his athletes for their faith in succession and their belief in the last five games. Only one other World Series club has ever made such a comeback.

But it is safe to assume Stengel has not forgotten the promise he made a week ago after his players had lost 13-5 to the Braves.

"I'm going to make some changes on this club," he vowed then. "There are several men on this club who don't deserve to be on it. I promise you this. They won't be here next spring."

**TOO PRETTY?**—A \$20-million-dollar airline and a 285,000-member union tore into each other over this basic problem: Does this girl's beauty upset office routine? Miss Joan Marchesani, 20, had been dismissed from her ticket agent job with Pan American because her platinum-dyed hair, among other things, upset the New York office. She was subsequently rehired, but that isn't enough for the Air Transport Division of the Brotherhood of Railway Clerks. It wants Pan American to admit that the girl was treated "unfairly."

**MUSIC IN THE AIR**—Latest Paris musical invention is this pneumatic guitar, featuring an air-filled plastic cushion instead of the usual wooden frame. It's only one of a series of futuristic instruments designed by Frenchmen Francois Basciet and Jacques Lasry.

**SOMETHING DIFFERENT**—CHARLESTON, W. Va. (P)—Gov. Cecil H. Underwood found some thing missing on the ballot in the recent West Virginia primary election. His name, Underwood, 35, was elected to the House of Delegates when 22, and he served successive terms there until he ran for governor two years ago. The primary marked the first time since he came of voting age that he didn't have an opportunity to vote for himself. He's not a candidate in this election.

**SLYING FISH STORY**—SAN DIEGO, Calif. (P)—State Assemblyman Frank Luckel says a live three-inch minnow flew into the windshield of his car. Likelihood explanation of witnesses gathered to support his fish story: The minnow wriggled out of the beak of a seagull flying overhead.

## Pope Pius XII Spoke Out on Many Subjects

By FRANK BRUTTO

VATICAN CITY (AP)—No pope ever before spoke out so frequently and on so many subjects as did Pius XII.

None before him had the facilities that were afforded to him by science. He frequently turned to radio and, in later years, television to reach distant countries. Some of his major speeches for example his annual Christmas messages that emphasized the subject of peace, were broadcast in as many as 26 languages.

Some of his words on various subjects included:

**COEXISTENCE**—"Neither it (coexistence) will raise itself to a co-existence in the fear of God, and hence to a truly peaceful living together, inspired and protected by the divine moral order or else it will shiver and move into a frozen paralysis of international life, the grave dangers of which are even now foreseeable." (Christmas 1954).

**ANTICOMMUNISM**—"We again warn Christians of the industrial age . . . against being satisfied with an anticommunism founded on the slogan and the defense of a liberty which is devoid of content. Rather we urge them to build up a society in which man's security rests on the moral order." (Christmas 1954).

**NUCLEAR ENERGY**—"The use of this enormous energy for peaceful purposes is the object of careful and continuous investigation to which is given our blessing together with the approval and the congratulations of every honorable individual and of all civilized peoples." (Easter 1955).

**COMMUNISM**—"We reject communism as a social system by

than that, Lane."

Scharr said, "Let's get him to town and lock him up, Sheriff. Cole deliberated. 'Save some body a long ride and the county some expense money if we went on down to the Quarter-Circle M while we're out here.'"

"Why?" Scharr asked.

"To talk with Verdugo. To be sure, we're right Lane could have given the knife back."

Scharr said, "I've talked with Verdugo about that knife, several times. He told me he didn't want it back, that it wasn't worth lighting Lane for."

"Verdugo will have to tell all that in court," Cole said.

"That's right. But you and I don't have to try Lane. All we've got to do is arrest him."

"He's already arrested," Cole said. "Had your dinner?" he asked Lane.

"No."

"Go on and eat, then."

Scharr said, "Might not ever come back, eh, Sheriff?"

"Law knotted Lane fell like driving a fist into Scharr's evil face but restrained himself, knowing it couldn't gain him a thing. He had to swallow his anger until Verdugo got well enough to tell who borrowed the knife."

Lane wasn't sure Verdugo would tell.

Scharr filled a plate with grub for him and brought the coffee pot, pouring coffee for the lawmen when they asked for it, but doing so grudgingly.

The bandy-legged plaster said, "Law ain't big enough hereabouts to keep you in that house, Lane. Why don't you have the gal get in touch with Miler Jones?" Then, Miler Jones knew what to do about cracked sheriffs and dentists. They're doing it down in De Witt County."

## Soviet Talk About Tests Propaganda

By WILLIAM L. RYAN  
AP News Analyst

WASHINGTON (AP)—Much of the Soviet Union's talk about wanting a high-level agreement on prohibiting nuclear weapons tests has been dismissed here as propaganda. Some of it may not be.

There's more than a little suspicion the Soviets are looking for a valid excuse to blackball Red China from nuclear club membership.

Perhaps the Soviets should get a little encouragement. It is possible Peiping already nurses some resentment against Moscow on this score.

Moscow seems worried by Red China, now transforming herself into a major world military power.

Five months ago Foreign Minister Chen Yi, a rising Peiping star, spelled out Red China's intention of bidding eventually for membership in the nuclear bomb club. The club now has three members: the U.S.S.R., Britain and the United States. In the West, France also is about ready to make the bid.

Unless there is a world ban on testing, it will be difficult to keep out these aspiring members.

There seems to be a connection between this issue and the rise of Foreign Minister Chen's political fortunes in Peiping.

When Moscow last spring announced a suspension of nuclear weapons tests, it sent a direct communication to Peiping, pointedly referring to a rising danger of contamination for all populations. With China in the nuclear bomb club, there would be all the more peril to the Soviet population.

Premier Chou En-lai seemed to agree with the Soviets. But Chou's influence is waning. Chen Yi, apparently made of sterner stuff, has Chou's former job as foreign minister. And Chou seems to have been overruled. Obviously Red China still wants in, and wants the wherewithal from the Soviet Union to make the bid.

But if a high-level agreement should be reached on test suspensions, the application could be pigeonholed.

There are other points of Peiping-Moscow friction. It has just been demonstrated that Moscow is worried that the Formosa crisis may get out of hand. Peiping has been warned it may have to go it alone if it gets into serious trouble.

Long before that, however, it seemed significant that in all their talk of summit meetings prospects this year the Soviets omitted Red China, even while including the heretic Yugoslavs. This could hardly have pleased Peiping.

Some of the trouble may be ideological. Red China has become entirely too orthodox. I'm fact, it is well ahead of the Soviets in denouncing the Yugoslav variety of heresy and in restoring Stalin to Red sainthood.

One reason: Red China's system needs a form of Stalinism, just as the Soviet dictatorship needed it in a similar stage of development. An agrarian country is being transformed into an industrial power with amazing speed.

Also, Peiping needed the chronic Formosa crisis, the picture of an outside enemy armed to the teeth, the specters of enemies within, just as Stalin needed these things. The Communists need them to enforce the harsh discipline necessary for swift internal transformation.

Many an observer testifies to the Soviet awe of China's 650 millions, a population growing at a frightening rate.

There will be a real contest someday between the two. China as a nuclear power would be much harder to contain than China outside the club. That's one reason the Soviet Union may really want a high-level decision to ban bomb tests. It could provide the Soviets with an excuse to brake Red Chinese ambitions.

They might even be willing to pay a significant price for that.

## News Briefs

LONDON (AP)—A 16-year-old boy who has done nothing but with television of nearly eight months has been "produced to the state of a zombie," his father said.

Television has given the boy a sickness beyond medical treatment, the father told a juvenile court Tuesday.

The father brought the boy to the court saying he was beyond control. He said the boy had refused medical treatment.

His son left school in February, he said, adding:

"It has got to the stage where he will not stay home. And when his mother goes out shopping he locks the doors so she cannot get back in."

The court ordered the boy to see a doctor and adjourned the case for two weeks.

TOKYO (AP)—Communist China has recognized the new Republic of Guinea. Peiping radio reported today.

virtue of Christ's teachings, and we have a particular obligation to proclaim the fundamental principles of the natural law. For the same reason we also reject the opinion that the Christian ought today to see communism as a phenomenon or a stage in the passage of history, one of the necessary moments as it were of its evolution, and consequently to accept it as it is decreed by Divine Providence."
